Subject: Contractor Fatalities

As you may be aware, this morning at about 11:40 a.m. a contract employee with AA Aerial Services and a contract employee with Frontline Energy Services were fatally injured in a small plane crash outside of Chico while conducting routine aerial surveys of our gas transmission pipelines.

Employees can take advantage of the company's Employee Assistance Program should they need it. The Employee Assistance contact number is 1-888-445-4436. This assistance is confidential and free of charge.

Please keep the friends and families of the AA Aerial Services and Frontline Energy Services employees in your thoughts and prayers.
