Meredith - pls see below. Also, please confirm that you received this email. Kristin told me that you said you didn't get this email.

We don't want EVPs unless you want us to replace our commissioners with division directors.

Marzia

Subject: Utility Business Model of the Future

Hi Meredith,

Sorry I wasn't able to attend the meeting this morning. Kristin mentioned to me during her update that PG&E has an aversion to having the CEO panel...?? I have an aversion to anything below the CEOs. I'm not gonna have my 5 Commissioners, the CEC Chair and the CAISO chair there to listen from my level (director) or maybe one of the VP's of strategy. Nothing against any of them, but if that's the case then we should organize an en banc and have PUC Division directors sit at the dais...

Please let me know your company's reluctance for not wanting to have your CEOs present your future to three regulatory bodies. This is a pretty good opportunity for your company to show its leadership and its foresight.

Thanks,

marzia
