Hey, Paul...

Allene let me know she is mailing the SC letter today as a heads-up for Frank and Joel in advance of next week's meeting with President Peevey to discuss the LCC tax neutrality issue. It reminded me that we hadn't spoken about this is a while so I just wanted to check in. Given your perspective/approach to the issue as a Council board member is potentially different from your CPUC role I was hoping to understand what you would like to accomplish during the meeting to ensure I prepare

appropriately for the discussion.

Happy to chat if you have the time this week or early next. I'm also reaching out to Karen and Richard.

Thanks,
