Subject: Re: Kern Incident This Morning

Hi Erik:

Thanks for the email. Yes, this is a very tragic event. This poor community has been through so much.

You probably are aware that SED redeployed Chris Parkes to investigate this latest incident. Will you continue to be our point of contact on today's incident? I gave your name to Liza as our contact from the June 2012 incident. Meantime, please keep Liza and I apprised of any new developments. I'm not sure if you have my latest cell phone number if you need to call; it is 415-940-1415.

Valerie,

I have some terrible news. At approximately 6:30 a.m. today, a serious incident occurred at the Kern Power Plant. In the process of taking down the boilers through an explosive demolition, a piece of shrapnel from the explosion escaped the perimeter, crossed a street and landed in the Lowes shopping center parking lot, injuring a customer severely.

We have notified General Hagan and I understand that someone from SED is on their way to the site.

You may already be aware of these developments, but I wanted to reach out to you directly to be sure. Our thoughts and prayers are with those who were injured.

Erik
