Subject: Kern Power Plant Incident.

At approximately 630 a,m today, a serious incident occurred at the Kern Power Plant. In the process of taking down the boilers through an explosive demolition, a piece of shrapnel from the explosion escaped the perimeter, crossed a street and landed in the Lowes shopping center parking lot, injuring a customer severely. I don't have any other details at this time on the extent of the injuries. I will provide you with more as the come available.

Stan - please make sure the proper PUC personnel are notified.
