Lisa,

We have notified Cal OSHA. Other agencies we are in touch with include the Kern County Environmental & Health Department, Kern County Fire Department and the City of Bakersfield Fire Department.

Let me know if you have any additional questions.

Erik

In the process of taking down the boilers through an explosive demolition, a piece of shrapnel from the explosion escaped the perimeter, crossed a street and landed in the Lowes shopping center parking lot, injuring a customer severely. I don't have any other details at this time on the extent of the injuries. I will provide you with more as the come available.
