Advice 4102-E-A
(Pacific Gas and Electric Company) D U39 E)

Public Utilities Commission of the State of California

Subject: Supplemental Filing for Power Purchase Agreement for Procurement of Eligible Renewable Energy Resources from Sierra Pacific Industries and Pacific Gas and Electric Company

I. Introduction

On September 7, 2012, Pacific Gas and Electric Company ("PG&E") filed Advice Letter 4102-E seeking California Public Utilities Commission ("Commission" or "CPUC") approval of a Renewables Portfolio Standard ("RPS") bid power purchase agreement ("PPA") executed with Sierra Pacific Industries ("SPI"). Letter Advice 4102-E is currently pending approval by the Commission. On September 5, 2013, PG&E filed an amendment to the PPA as described below and Confidential Appendix A. The purpose of Supplement is to obtain CPUC approval of the PPA as amended by September 5, 2013 amendment ("Amendment").

PG&E requests that the Commission issue a resolution no later than November 2013, approving the PPA with SPI, as amended by the September 5, 2013 Amendment.

II. Background

The PPA was executed as part of PG&E's 2011 RPS request for offers ("RFO"). Under the PPA, PG&E will purchase output from four facilities currently owned by SPI and under Qualifying Facilities ("QF") agreements as well as output from a new, yet-to-be-built facility, Anderson II. Deliveries under the PPA will commence upon commercial operation of the new Anderson II facility, at which time QF agreements will terminate.

- A. The guaranteed commercial operation date under the PPA is April 1, 2014, as maybe delayed by Permitted Extensions. The Amendment changes the Permitted Extensions provision in the PPA, the details of which are confidential and included in Confidential Appendix A.

**DECLARATION OF GILLIAN CLEGG
SEEKING CONFIDENTIAL TREATMENT
FOR CERTAIN DATA AND INFORMATION CONTAINED IN
ADVICE LETTER 4102-E-A
(PACIFIC GAS AND ELECTRIC COMPANY - U 39 E)**

I, Gillian Clegg, declare:

1. I am presently employed by Pacific Gas and Electric Company ("PG&E"), and have been an employee at PG&E since 2007. My current title is Principal within PG&E's Energy Procurement organization. In this position, my responsibilities include negotiating PG&E's Renewables Portfolio Standard Program ("RPS") Power Purchase Agreements. In carrying out these responsibilities, I have acquired knowledge of PG&E's contracts with numerous counterparties and have also gained knowledge of the operations of electricity sellers in general. Through this experience, I have become familiar with the type of information that would affect the negotiating positions of electricity sellers with respect to price and other terms, as well as with the type of information that such sellers consider confidential and proprietary.

2. Based on my knowledge and experience, and in accordance with Decision ("D.")08-04-023 and the August 22, 2006 "Administrative Law Judge's Ruling Clarifying Interim Procedures for Complying with Decision 06-06-066," I make this declaration seeking confidential treatment of Appendices A and B to PG&E's Advice Letter 4102-E-A submitted on September 17, 2013.

3. Attached to this declaration is a matrix identifying the data and information for which PG&E is seeking confidential treatment. The matrix specifies that the material PG&E is seeking to protect constitutes the particular type of data and information listed in Appendix 1 of D. 06-06-066 and Appendix C of D.08-04-023 ("the IOU Matrix"), or constitutes information that should be protected under General Order 66-C. The matrix also specifies the category or

categories in the IOU Matrix to which the data and information corresponds, if applicable, and why confidential protection is justified. Finally, the matrix specifies that: (1) PG&E is complying with the limitations specified in the IOU Matrix for that type of data or information, if applicable; (2) the information is not already public; and (3) the data cannot be aggregated, redacted, summarized or otherwise protected in a way that allows partial disclosure. By this reference, I am incorporating into this declaration all of the explanatory text in the attached matrix that is pertinent to this filing.

I declare under penalty of perjury, under the laws of the State of California that, to the best of my knowledge, the foregoing is true and correct. September 17, 2013 at San Francisco, California.
