Conference Phone Line:

(866) 812-8481

Participant Code: 9058288#

The California Public Utilities Commission (CPUC) has contracted with Energy and Environmental Economics, Inc. (E3) to provide an evaluation of the costs and benefits of the net energy metering (NEM) program. This study fulfills the requirements of Assembly Bill 2514 (Bradford, 2012) and Commission Decision (D.) 12-05-036, to evaluate “who benefits, and who bears the economic burden, if any, of the net energy metering program” by October 1, 2013.

The draft NEM report conducted by E3 will be available for download on the CPUC’s NEM study webpage

(http://www.cpuc.ca.gov/PUC/energy/Solar/nem_cost_effectiveness_evaluation.htm) on Thursday, September 26, 2013. E3 will present the results from the draft NEM study in the CPUC Auditorium on the following day, Friday, September 27th. The purpose of the presentation is to review the methodologies used in the study, present the results, and address

any clarifying questions. Information on attending the NEM study presentation is printed above.

Comments on the Draft NEM Report – Due October 10, 2013

Energy Division invites stakeholders to submit informal comments on the analytics and assumptions used in E3's draft analysis, in support of finalizing the 2013 NEM study. Comments should focus on and be limited to errors identified in the calculations used in the report, and should be no longer than five (5) pages in length. Reply comments will not be accepted. Interested parties should email comments to Mr. Ehren Seybert (Ehren.Seybert@cpuc.ca.gov) by October 10, 2013. All comments received will be posted to the CPUC's NEM study webpage along with responses from E3.

Energy Division will send notification to the service list as stakeholder comments, E3's responses to comments, and the final version of the NEM study become available for download on the CPUC's NEM study webpage.

Please feel free contact me with any questions.

Thanks,

Ehren

Ehren Seybert
