Hi Steve,

Laura is our point person on gas and can definitely arrange the Picarro demo. Laura will contact you to discuss.

Thanks,

Meredith

Hello, Meredith:

My group has been talking about seeing a field demo of the Picarro system for a while but have never gotten around to it. Could you please set this up for us? I want to limit the group to no more than six people. I think a late September or

early October time frame is good. Thanks.
