Sounds very reasonable and therefore likely impossible :)  
We will work on it!

☺ I would just like to see a list of however many reporters like that there are. For example, a page that says:

#### **PG&E Gas Transmission & Storage Safety Reports**

2008

2009

2010

2011

Etc.

I'm not even sure there are reports prior years or more current than 2011, but if there are, that format would be great.

Thanks!

Terrie

So I'm going to ask someone else to pull these things out separately. You shouldn't have to look through rate case files!

Is there some format you'd like?

Laura,

All of the GT&S Safety Reports are posted in Webdocs as part of the 2011 GT&S Proceeding and are publicly available through the PG&E website under the "Media Newsroom" hyperlink. Unfortunately, it's not very user friendly unless one is familiar with navigating through to get to the Regulatory Cases. Anyway, here's the link to the 2011 GT&S Rate Case files. Once here, it's still a matter of filtering/sorting to find the safety reports amongst the other documents, but at least it'll point Terrie to one location to look for them.

Frances

**Subject:** Question re: Reports

Hi Laura,

I found this on your website:

[https://www.pge.com/regulation/GTS-RateCase2011/Reports/PGE/2013/GTS-RateCase2011\\_Report\\_PGE\\_20130301\\_266168.pdf](https://www.pge.com/regulation/GTS-RateCase2011/Reports/PGE/2013/GTS-RateCase2011_Report_PGE_20130301_266168.pdf)

Is there a main page where Gas Transmission & Storage Safety reports from prior/current years are listed?

I'm asking because we'd link to them on our site if so.

Thanks!

Terrie
