Attachment to complaint dated September 18, 2013:

Contractor Name: MCH Electric, Inc.

11. Items of Complaint

On September 11, 2013 at 8:45 am, an employee of MCH Electric, Inc. severed a PG&E- owned one inch plastic gas pipeline while digging to install a street light at Redacted verified that an employee of MCH Electric, Inc., was the damaging party, and that there was no USA ticket in place for that location or this contractor.

PG&E Supervisor Redacted investigated this dig-in. She was told by an employee of MCH Electric, Inc. that the gas pipeline was damaged with an auger. The use of mechanical equipment is prohibited when digging within 24" on either side of the outside edge of an underground facility.

MCH Electric, Inc. failed to call for a USA ticket prior to this work, a violation of California Code 4216. (f), that there must be an active USA ticket number during the entire duration of the excavation. Additionally, MCH Electric, Inc. has hit a PG&E gas line on 17 other occasions since 2006, 12 of those (listed below) without having called in a USA ticket. PG&E believes this contractor is well aware of the California One Call laws, but chooses not to follow them.
