Thank you for a copy of the letter and the updates on both the Vegetation Management issue and the NERC.

Hi Ray,

Thanks for taking the time to meet with us last week on vegetation management and NERC issues. In our Vegetation Management meeting, the team mentioned the letter that was being sent shortly to the Sonoma Board of Supervisors in response to questions they had regarding our transmission right of way work. Attached is a copy of that letter for you, it was just mailed today. We will also keep you up to date on the other outreach activities and share with you updated communication materials as we have them available.

Let us know if you have any further questions in the meantime.

Thanks,
