Subject: RE: Southern California Bubble Shocker

Nope. Which is why some folks priced out of SF think 800K is a STEAL in my 'hood. A lotta DINKs. But the strollers are starting to pop up. Soon my 'hood will be as insufferable as rockridge ... but at least we have the lake.

I take that back. You can't buy shit in SF for that much.

What is crazy to me, is that for 1.5M you can get houses with amazing character. Why would anyone buy something and take on that big of a note?

omg. First of all, both of those are respectable houses and all, but come one. 1.2 MILLION DOLLARS??? That's 5000/mo. You could retire in Ft. Bragg for that much.

Not the most interesting "[Jim the Realtor](#)" video – but it did take my breath away.
