Marzia

We have created the report based on a Sep 16<sup>th</sup> EOD snapshot. So, we have all transactions up to Aug 17<sup>th</sup> – Sep 16<sup>th</sup> billing cycle. Customers in billing cycle after Aug 17<sup>th</sup> will be missing in this report, that is, 6 out 21 billing cycles.

Hi Marzia

Find below customer count and usage report, as you requested. As expected, notice a drop in both customer count and usage for Aug. However, average rate is consistent with prior months.

Please contact me if you have any question.

Thanks

Deb
