Subject: social media trainings

Julie –

Just a quick note to let you know that we have two of the three social-media trainings – the ones required by the SmartMeter OII settlement – scheduled for 18Nov13 in Orlando for the NARUC meeting and for 24Sep13 in Chicago for the Ethics and Compliance Officer Association (ECO) meeting. We are also shooting for one in San Francisco next year. The Commissioner had expressed an interested in us getting this part of the settlement done, so I thought I'd let you know.

Thanks!

yours,

sid
