Michele, Paul, Scott and Pete

Per our discussion this morning, here are the links to the documentation on the CalWORKS funding increase that triggers the potential CARE rate changes under SB 695. Feel free to contact any of us if you have any questions.

First, a summary of the final budget as prepared by the Dept of Finance. The CalWORKS increase is noted on page 29. http://www.dof.ca.gov/documents/FullBudgetSummary.pdf

Second, the Final Budget Summary which is an official Dept of Finance document containing the budget bill and its various changes and appropriations. This is a huge document so do not hit print. The Dept of Social Services, which runs the CalWORKS program is found in Budget Item 5180 which starts on page 381 of the document. CalWORKS support is provided through the Local Assistance line item in the budget which starts at the top of page 385 with item 5180-101-0001.
