Hi guys,

Thanks again for giving me the data. Attached is the charts that I will post on our website. I wonder what the heck is going on at Hidden Hills with so much usage??

Anyway, thank you very much for your help. I'm hoping that at some point in the future IOUs do this type of information and put on your own website. I think this type of information is a key factor in getting people to realize that they may want to think twice about turning on that AC or something.

Thanks,

Marzia
