Subject: RE: PG&E gas operations org chart

Hello Nat, I am happy to report that we should be forwarding the QA materials this week ---- I apologize for the time it's taken, but we had changes in personnel, and the same resources pulled for the various hearings/proceedings that have been ongoing through September – October.

Our data quality manager position is in the interview stage, and I may be able to share progress on that in the upcoming weeks,

Thanks for your patience,

Jane

Thanks for the update Jane. I'm most interested in the positions under your area that touch on QA/QC, such as the Data Quality Manager.

Best,

Nat

Hello Nat --- I just followed up with the team that is pulling the info together for you --- sorry that we missed Monday, but we should be back on track to finish this.

Unfortunately, not many of the vacancies have been filled yet that are on the 9/18 org chart (it seems to take about 3 months on average to get openings filled unless we are fortunate enough to find an internal candidate). If a update comes out during this next month, I will make sure to forward to you also. Are you interested in certain positions being filled --- if so, I can make sure to get you an update on those when they are filled, so you can have a contact name.

Thx

Jane

Hi Jane,

I just wanted to touch base on the QA/QC materials and see if you've had a chance to forward those yet. Also, is there a more recent org chart than 9/18 you'd be able to send my way? I noticed quite a few vacancies (hopefully they have been filled!) and we'd like to have the most current info on our counterparts.

Best,

Nat
