They are still scanning in San Ramon! And then they load it on to Sharepoint and we download it here at Beale to CDs.

Its so slow!!

OK, now hear this: they expect to be able to hand me the CDs at 5:30. I will break speed limits and expect to get to you by 6:00 pm.

Small glitch. Still processing CDs. I have my coat on, keys in my hand.

They are working hard, but can't tell me precise time yet.

Laura,

I'm standing by. Let me know if there is significant change in plans.

And the processing team is now "setting up" the data so it can be transferred to the CDs ... whatever that means. My current DEPARTURE time estimate is 4:50 pm, which likely gets me to your building by 5:20. Can you wait?
