Laura,

Thanks for putting me in touch with Sid.

Sid if you could get back to me at this email address or call me at (510) 899-9674 we can discuss this further. I am telecommuting a lot due to the BART strike so those two ways are the best ways to reach me right now.

Thanks,

Franz

Hi Franz
I'm copying Sid Dietz as he will be reaching out to you on Monday with information about the Folsom facility. Sid will be your PGE point of contact for this one.
I think we can get you all you need to get this resolved next week.

Regards
Laura

Laura,

I wanted to check in with you or your staff about a complaint a Mr. Robert DeVries has lodged against PG&E about shutting down one of your fueling stations. I wanted to make sure that the issue is a) known and b) unresolved and what if anything PG&E is doing about it. I just got this case assigned to me and have no information about the utility side of the story, though Mr. DeVries has certainly given us an earful here (see attached). I'm telecommuting tomorrow, but I'm in the office today.

Thanks,
