Subject: RE: MEA interval data request timeline

Hi Eric,

That works as long as we stick to that deadline. Thanks very much for your attention to this matter.

Best,

Will Maguire

Hi Will-

I talked through your request with our CDA IT and project management leads. As I mentioned, because this is a formal commitment to the CPUC, we need to be supremely confident that we can execute on our projections. This requires buy-in from upper management and several teams supporting the project, and it will take a little time to coordinate those discussions.

We can provide something by the end of next week (10/25), hopefully that timeline will work for you. Thanks-

Redac

Thanks Reda

Is it realistic to have something for us by the end of the week?

Hi Will-

Let me reach out to our IT team and the other CDA stakeholders on this request and I will get back to you soon, thanks-

Hi Redacted

My management is very interested in establishing a formal timeline regarding the building of the CDA system, and relatedly, the transfer of the interval customer data MEA is requesting. Could you please work with your team and MEA , and us, as needed, to create this timeline and submit it to ED in a formal letter?

Thanks,

Will Maguire
