Great. Ferron is interested in trying projects like this one out. Appreciate any help you can give pointing him in the right direction.

Hi, there!

I know that David Wolpa has met with Brian Cherry, McAllister, Pres Peevey, and others. I'm meeting with him next Monday, and I will try to help him connect with the right business unit persons. I'll give you an update when I know more.

Have a great week!

yours,

sid

Hi Sid

Hope you're doing well. A few weeks ago, Commissioner Ferron and I met with a rep from EnergySavvy on doing more data driven analytics in EE programs. They mentioned that they were talking with you about running a trial. I wanted to touch base and see what the progress was, if any.
