Hi Meredith,

Marzia and I did not talk about the workshop details, but just by looking at the group's calendar, I can say that Nov 15th does not work for at least two of us.

I suggest waiting for Marzia's return to make plans. Thanks.

Regards,

Nilgun

Nilgun,

Great. Also, would you please call me when you get a chance on my cell - 415-828-5765? I want to make sure that what we are planning is consistent with what Marzia envisioned. The current plan is to have the team participate in the Safety Leadership Workshop which is typically from 8-3. The workshop would be held at the Livermore Climbing School. We would also have someone there to discuss classes and trainings at the climbing school. Ray Fugere's and Ken Bruno's teams have attended the workshop in case you want to check in with them to hear their perspective on the workshop. If this is different than what Marzia envisioned, we can definitely plan for a different agenda. I want to make sure it is a productive day for your group.

Thanks,
Meredith
