Subject: Re: PG&E Partnership Post-2014 Planning Meeting: 11/22

Hi Michael,

Great to hear you are interested. We are thinking the CPUC update section would last 30-60 mins, including q&a. Your piece could be as long as you need, but was thinking somewhere between 15-30 mins. Would that work?

Also, we were hoping you could join for the entire time to get a real flavor of the discussion, but would certainly understand if you have conflicts.

Let us know if that sounds agreeable to you. Have a great weekend.

Hi [Redacted]

Thank you so much for thinking of me. I think that the OIR should be public (and also hopefully adopted, fingers crossed!) before 11/22. How long would you want me to speak? Not clear if I should attend the whole day or just a portion (assume just a portion, but you let me know...).

Michael

Hi Michael, it was nice seeing you the other day.

We were very happy to have you participate at our local government partnership event a few months back, and we hope it helped give you and Commissioner Ferron more insight on how our partnerships work and the exciting things we are collaborating on. It also gave you an opportunity to meet with some of our partners first-hand.

We are building on that positive momentum and plan to host another event on November 22nd with all of our partners, and are hoping you can participate and also be willing to speak for a few minutes to give an overview/insight into the EE OIR (assuming it is public by then) and also help partners understand potential next steps in the regulatory process (applications etc). Having them hear this from someone in leadership at the PUC is incredibly powerful for them and we hope you can find some time in your schedule to attend. Below is some additional details, and if you are able to present we can provide you with a more detailed agenda shortly. Please let us know, and thanks again.

Best,

What & Where: PG&E Partnership Post-2014 Planning Meeting on Friday, November 22nd from 9AM – 3PM at the Pacific Energy Center in San Francisco.

Why: This meeting will bring together partners from PG&E Partnerships along with PG&E and the CPUC representatives to discuss policies, strategies, and opportunities associated with the up-coming post-2014 Energy Efficiency funding cycle. We also hope to facilitate the sharing of Partnership best practices through networking and roundtable discussions.

Networking: In addition, there will be a **PG&E Partner Networking Reception on Thursday, November 21st** at the Pacific Energy Center in San Francisco from 5 – 7:30 PM.
