Subject: RE: PTR discussion after 3:30 today?

I can talk at 430p or before 300p. I'd like to lose ptr entirely or at least kick it down the road, of course. Having it as an opt in has some annoying procedural problems. Perhaps we can redefine, etc? Anyway, would love to hear your idea.

I'm cooking up a simple plan. Think you'll agree with it. I need to get sign off first.
