Subject: Order to Show Cause -- File Transfer Site

Tom et al:

I am working with our IT department to set up a file transfer site. My understanding is that each individual will need to log into the site separately. For those parties who have multiple individuals on this addressee list, I need to know which individuals will require access to the transfer site.

Please provide the individuals names, email addresses and phone numbers so that I may submit the information to our IT department.

Thank you,

Bruce
