Subject: FW: Request CAPs for Self Identified dates

Ken, sorry for the delay in my response --- I was away from the office last week.

Here is the information we have on the 2 self reports related to valve sizing. Please note that these do not have formal causal evaluations, but we do have ECTS documentation for completion of the specific corrective actions (i.e., replacing/eliminating valves). Causal evaluations were performed for events that were assessed as higher risk/not clearly identifiable in cause. We can discuss the evaluation this afternoon when we meet---

Thanks

Jane

Subject: Request CAPs for Self Identified dates

Hi Jane – If available can you send me the Corrective Action Plans for the circumstances outlined in PG&E Self-Identified report dates of 5/18/2012 and 7/31/2012. Please let me know if you have any questions – thanks.

Kenneth Bruno
