Jane,

I think that the language below is talking about addressing those specific violations mentioned in the citation, not the implementation of the entire corrective action program. So maybe another date would be more fitting?

Liza, Ken –

On our citation form for HPR's --- the following language includes a blank for a date for the compliance plan for the systemwide HPR program we have implemented. The plan we summarized for our HPR program said that we will conclude it by 12/31/16 with the replacement/rebuilding of 5,700 HPR-type sets. Is it appropriate to put that date (12/31/16) in the blank?

I am trying to get this processed and out tomorrow,

Thank you,

Jane
