Subject: Notification Regarding CPUC Citation #13-004
Attachments: Enclosure 1 - Self Identified Letter dated 2 24 2012.pdf; SED Gas Citation 13-004 PGE.pdf

Dear CAO Navarrette:

This is in follow up to an issue that PG&E previously brought to your attention in a letter dated February 24, 2012 concerning an issue near the City of Kerman. The issue raised in the letter sent to you then resulted in a subsequent notification to the California Public Utility Commission (CPUC). The previous letter associated with the citation are attached for your convenience. You will note from the attached letter to the CPUC that the issue was corrected immediately after the situation was discovered.

As a part of this same process, Monday, PG&E received a citation from the CPUC regarding this self-reported incident. I have attached the citation for your review and can tell you that we have accepted the penalty for this self-report incident and will not be filing an appeal.

Thank you for your time in receiving this information. Should you have any questions regarding this filing, please don't hesitate to contact me.

Sincerely,
