Subject: Methodology for Calculation of Non-Bypassable Charges for
Mountain House Customers (Modesto Irrigation District)

Dear Mr. Randolph:

Since the Commission's issuance of Decision 03-03-004 on March 16, 2004, Pacific Gas and Electric Company has submitted annual advice letters to the Commission to describe the calculations and methodologies for determining applicable non-bypassable charges (NBCs) for customers in the Mountain House Area of San Joaquin County, California, served by Modesto Irrigation District (MID).

This is a courtesy letter to inform that MID has agreed to make a lump-sum payment for the remaining NBC obligations owed by customers in the Mountain House Area. A copy of the lump-sum payment agreement is appended hereto for your reference. Consequently, PG&E will no longer be filing the annual advice letters, as the need for such has been eliminated.

Sincerely,

/s/
