Subject: Re: Gas Ops Control Center Dedication on Dec 6

Understood. We are still awaiting a ruling from Bushey on the Oral Argument. It needs to be issued today to meet the 10 day notice requirement.

Under the circumstances a low profile private visit seems most prudent.....

FYI. You are cordially invited to our dedication ceremony. However, Mike will be there a few days before, so no need to re-attend unless you absolutely want to.

Subject: Gas Ops Control Center Dedication on Dec 6

Team:

We are only two weeks away from the Gas Operation Center dedication/Open House, and with Thanksgiving next week – which will shorten planning time – we need to be on top of the December 6 planning.

We are looking at a 30 minute or less program that would start at 10:30 am and conclude no later than 11 am. It would be held at Bishop Ranch and we want the media to cover it.

Here is a suggested outline for the program if both Chris and Tony will be participating with Nick:

- Welcome and MC **Mel Christopher** (3 minutes)

- Introduction and comments by EVP **Nick Stavropoulos** (5 minutes)

(Part of our Bishop Ranch Campus – what its purpose -- why it's important – what it means to customers going forward)

- City and County proclamations or resolutions presented by **City and County**

council and supervisor (8 minutes) to Chris Johns

(Mayor or city councilman will each get 4 minutes to present resolution – suggest they not read the entire resolution)

- **Chris Johns** thanks City and County and says a few comments (5 minutes)

(PG&E's commitment to the communities we serve and live in [San Ramon] – our commitment to public safety and how the Ops center improves safety)

- **State Official** comments – if invited (4 minutes)

- **Congressman Swalwell** introduced and comments (4 minutes)

- **Closing remarks Tony Earley**

(Our commitment to deliver safe, reliable and affordable energy to California – What are PG&E's plans for California customers going forward – infrastructure needs, upgrade technology, need for a skilled workforce to adapt and operate a more tech intensive industry.)

- **Mel** thanks audience for attending – center is open to tour following the ceremony (media and elected officials)

PG&E is committed to protecting our customers' privacy.
