Brian, Of the over 3500 records we reviewed, no issues were found with inspections for L147.

So when you told me that L 147 was not affected, you just meant for your sampling program?  
Put another way: Do you or do you not know whether L 147 has noncompliant X-rays?

Brian

We are doing 3 on 132 because we are aware that TCI inspected 3 welds there, but those inspections are not noncompliant. So they are not part of the 488 total identified as non-compliant.

Laura, you mentioned on the phone that you ARE aware of 3 welds on L 132. That isn't reflected on this list. Is the information about L132 correct?

Brian and Liza

Here is the list as it stands right now. Note the cities and counties in the far right hand columns.

We are preparing a more detailed plan for additional leak surveys and will be providing that to Liza as soon as it's available.

Thanks  
Laura
