The more the merrier! It really is cool, and I use that term sparingly around gas issues...

You'll need to allow at least an hour and a half, most likely, for travel from SF to San Ramon.

And we will plan on 1.5 hours or so for your visit.
Let me know when you know who's coming.

This is great.
Thanks Richard.

Wow Laura – you're on! We'd like to could come out to San Ramon to see the new facility!
Can I invite the other gas staff in my section in addition to Eugene?

How about Monday, Dec 2 and 2:00?

Mel Christopher, Redacted, and me. We'll come to you unless you would like to come out to Bishop Ranch (San Ramon) and see the new Gas Control center?

It's impressive.

Let me know and thanks.

Richard and Eugene –

I can hardly believe it's October 28. I have been meaning to schedule our annual "winter planning assessment" discussion with you. Things have been a little busy, as you know.

But I think we should do it as soon as your schedules allow. I hope you'll agree.

If so, give me a couple dates when you have an hour and we'll get it set.

Thanks!

Laura
