Subject: RE: Request for meeting to provide preview of upcoming GT&S rate case

Hi Laura, a preview of the GT&S application would be great. As you might expect, Eugene will be the assigned analyst for the Energy Division, so he should also attend.

Belinda Gatti may also want to attend since she deals with Sempra PSEP matters.

At this point, Dec. 5th and Dec. 10th are good days for me. (The morning of Dec. 6th is also a possibility, but that's the day of the ED holiday party from 12 to 3.)

Richard

PS: Eugene and Gurbux will return from vacations on Monday.

It may be hard to believe, but we are nearly ready to file our next Gas Transmission and Storage rate case, successor to Gas Accord V! We're on track to do that by the end of the

year. And we'd really like to provide a preview to you and anyone else on your team who may be interested before we file. An hour should do it.

While we can likely accommodate any time you can identify after Thanksgiving, December 5, 6, 9 or 10 would allow us to include Jim Howe who is our new Gas Ops Regulatory Chief.

Will you let me know if you can pull together a time when we can talk?

Thanks – and sorry to add to your end of year scheduling burden.

Laura
