Thanks for the very quick response Maria!

I just sent an outlook invite for 10 tomorrow, thinking that you might need some time in the morning to get things set up and underway at SEMPRA and then could break for a few minutes.

We want to talk with you about your view of the scope of the audit, and the ORA presence. We know that you know that there is an overwhelming amount of data, and it will be impossible to go through it all in two weeks.

We are happy to have ORA there to listen, observe and ask questions, but we hope to get your assurance that this is an SED audit and that you will be managing it as such.

Talk to you tomorrow!

Thanks again.

Laura

Yes, anytime just let me know what works for you. I'm at SEMPRA for their TIMP audit, but I can step out for a conference call with you two. Take care, Maria
