Subject: RE: This Friday's PG&E Partnership Post-2014 Planning meeting

Thanks for the update.

If you need to reach me tomorrow, I'll be on my cell at [Redacted]

Best wishes,

I'm looking forward to being there as well! I hate to throw a monkey wrench into the timing but there's a chance I may be a bit late. I'm taking my dad to do a wound check (he had knee surgery this week) at 8:30. I should be there with plenty of time, but just know I'm on my way.

I don't have any slides - I will just bring me and my willingness to engage.

My mobile is [Redacted] just in case.

Michael

Hi Michael,

We are looking forward to seeing you this Friday for the PG&E Partnership Post-2014 Planning meeting.

Below is the final agenda which includes a session for you to provide an 15 – 20 min overview of the OIR and to share any other insights, such as your impressions of Partnerships. We've also set aside

sufficient time for Q&A. We will have a laptop and projector set up if you would like to present any slides.

We have a really good group of folks confirmed to attend including lead local partners from each PG&E LGP as well as representatives from the BayREN (ABAG), LGSEC, and Local Government Commission. Since the other IOUs have expressed interest in learning more about the great Partnership work we are doing, we have also included my counterparts from each IOU who manage Partnerships.

Additional event details are below. If you have any questions, please don't hesitate to reach out.

Thanks,

Red

Subject: 11/22 PG&E Post-2014 Planning Meeting

Dear Partner,

We are excited to see you at the PG&E Partnership Post-2014 Planning meeting this Friday, November 22nd at the Pacific Energy Center in San Francisco from 8:30AM-3PM! This meeting will bring together partners from PG&E Partnerships along with PG&E and CPUC representatives to discuss policies, strategies, and opportunities associated with the up-coming post-2014 Energy Efficiency funding cycle. We also hope to facilitate the sharing of Partnership best practices through networking and roundtable discussions.

Meeting Preparation

To prepare for the meeting, we recommend reviewing the following attachments:

- The recent proposed decision from the CPUC initiating the Order Instituting Rulemaking (OIR) Concerning Energy Efficiency Rolling Portfolios, Policies, Programs, Evaluation and Related Issues, and
- Proposed agenda

In addition, we will be holding roundtables. Please think about the

following questions and bring your ideas to the meeting on Friday for discussion:

- What are the potential challenges and opportunities for Partnerships going forward?
- How should a successful Partnership be defined in the post-2014 cycle?

#### Directions and Parking

The Pacific Energy Center is located at 851 Howard Street, San Francisco, CA 94103. Directions to the Pacific Energy Center can be found here. There is a parking nearby in the 5th and Mission Street Parking Garage, located here.

Please contact [Redacted] with questions: [Redacted] or [Redacted].

See you Friday,

PG&E Government and Community Partnership team
