Zita,

Attached is PG&E's response to your request DR02-001.

Please note we are still retrieving GO-131-D status information on two projects:

1. No. 61: Shiloh I Generation Interconnection
2. No. 210: Panoche-Panoche Jct. Line Reconductoring

I will provide you with an updated response once I am able to obtain the data; I estimate having this available by the end of next week.

Respectfully,
