Subject: RE: Meeting with PG&E and High Speed Rail

All,

I have reserved space at PG&E's 245 Market building on the 14<sup>th</sup> floor (we no longer have space over at Opera Plaza) and confirmed that our key attendees can make the meeting on December 16<sup>th</sup>. Molly, Mary Jo or Bill, please call me at your convenience to discuss an agenda in further depth this week.

Thanks,  
Kate

**Subject:** RE: Meeting with PG&E and High Speed Rail

Sounds good. I have reserved a room at CPUC West from 1-4. We may end up at PG&E which is fine but given our dearth of conference rooms, I wanted to have a backup plan.

Happy to help.

Based on a quick look of calendars, it looks like 12/16 will work well. Let's hold that date and I will confirm early next week.

Best,

Kate

**Subject:** Meeting with PG&E and High Speed Rail

Kate,

I'm writing to suggest a meeting between CPUC and High Speed Rail and PG&E on December 16<sup>th</sup>. We'd like to convene the interconnection, transmission planning, and environmental planning personnel from PG&E to discuss PG&E's upcoming need for interconnections to PG&E's system. It appears to me at this point that PG&E may need to file an application to permit the PG&E facilities/upgrades required to support the High Speed Rail interconnections. Seeking clarity for all parties about the tasks that lie ahead – and who will do them, I'd like to seek your help to set up this meeting. I tentatively talked to HSR about December 16<sup>th</sup> for a large, multi-hour multiparty meeting. We would probably do this meeting at PG&E or at the CPUC.

Does that date look possible? If so, we can discuss an agenda in more detail early next week.

Thanks,  
Molly
