Molly,

Sure, Tuesday should work. Let me know what time works for you.

Thanks,

Molly,

We will confirm our attendees next week. Happy Thanksgiving!

Thanks for reserving your 245 Market building space for the 16<sup>th</sup>. We should plan on a long meeting. Can we touch base on Tuesday or Wed. next week on agenda? I know you talked to Bill and you were going to try to coordinate internally.

Marian and Karl – Are you all confirmed from your side in terms of attendees? I may have missed an email.

Molly

All,

I have reserved space at PG&E's 245 Market building on the 14<sup>th</sup> floor (we no longer have space over at Opera Plaza) and confirmed that our key attendees can make the meeting on

December 16<sup>th</sup>. Molly, Mary Jo or Bill, please call me at your convenience to discuss an agenda in further depth this week.

Thanks,

Sounds good. I have reserved a room at CPUC West from 1-4. We may end up at PG&E which is fine but given our dearth of conference rooms, I wanted to have a backup plan.

Happy to help.

Based on a quick look of calendars, it looks like 12/16 will work well. Let's hold that date and I will confirm early next week.

Best,

[Redact]

[Redacted]

I'm writing to suggest a meeting between CPUC and High Speed Rail and PG&E on December 16<sup>th</sup>. We'd like to convene the interconnection, transmission planning, and environmental planning personnel from PG&E to discuss PG&E's upcoming need for interconnections to PG&E's system. It appears to me at this point that PG&E may need to file an application to permit the PG&E facilities/upgrades required to support the High Speed Rail interconnections.

Seeking clarity for all parties about the tasks that lie ahead – and who will do them, I'd like to seek your help to set up this meeting. I tentatively talked to HSR about December 16<sup>th</sup> for a large, multi-hour multiparty meeting. We would probably do this meeting at PG&E or at the CPUC.

Does that date look possible? If so, we can discuss an agenda in more detail early next week.

Thanks,  
Molly
