Paul and Brian – the 3 electric IOUs, SMUD and LADWP commissioned E3 to do a study on emerging RPS looking forward. Several scenarios were modeled, including a 40% and 50% RPS. Today, the Governor's office and all of the Commissioners are being contacted about the findings of that study. If you would like a briefing, we would be happy to brief you both and walk through the findings for you. Let me know.
