Subject: RE: Attendees for 11/5/13 meeting to discuss Stanpac SP-7 Pipeline, with PG&E and Chevron

Hi Eugene,

I believe [Redacted] is considered a representative of Stanpac, and will defer to him or Erik to confirm the PG&E Stanpac board members names.

[Redacted]s Stanpac board member is [Redacted], who is based out of Houston. He works on behalf of [Redacted] as the Manager, Non-Operated Joint Ventures.

Yes, I will provide a portable projector for the presentation, and bring hardcopies as well.

Thanks,

Redacted

Hi Karen,

These are the Commission representatives that will attend the meeting:

Peter Allen: Legal Division, Attorney

Mary Jo Borak: Energy Division, Supervisor CEQA Section

Sunil Shori: Safety & Enforcement Division, Gas Safety Engineer

Richard Myers: Energy Division, Supervisor Natural Gas Section

Greg Reisinger: Energy Division, Analyst Natural Gas Section

Eugene Cadenasso: Energy Division, Analyst Natural Gas Section

Just a couple of other things in connection with the meeting:

With regard to the list you provided, is there a representative of StanPac that will attend?

Could you provide the names of the StanPac directors?

I recall that you will be able to bring the equipment to show the PowerPoint presentation – is that correct?

Looking forward to meeting you.

Eugene

Hi Eugene,

This email follows my voicemail today regarding proposed CPUC participants for the 11/5/13 meeting at 1p to discuss the Stanpac SP-7 Pipeline. We'd like to know who from CPUC is planning to attend, to ensure we have the correct representation by [Redacted] and PG&E.

At this time, the proposed Chevron attendees are as follows:

- [redacted] Redacted
- [redacted]
- [redacted]
- [redacted] person)
- [redacted]
- [redacted] uncertain)
- [redacted] in person)

From PG&E, Erik Jacobson (Regulatory Relations) is working to confirm their participants. Erik is copied on this message.

In addition, I have prepared a presentation, however, it contains a graphic that is Chevron confidential information regarding our gas supply system to the refinery. If you agree, I propose to bring hardcopies to the meeting on Tuesday and will project the Powerpoint presentation as well.

Thanks,

[redacted]
