Hi Gun:

We reviewed the documents and found no basis to meet again to discuss them. Please review the section of the report that addresses our concerns about those documents.

They raised more questions than they answered.

Yes, we can still work together for improving the accuracy and correctness of the report required by the Commission for the program. This is why we accepted PG&E's offer for its

Internal Audit Unit to conduct an audit of the program aspect of the program with input from the UAFCB. I hope this collaboration will provide lasting benefits to the program.

UAFCB has submitted its report to the Executive Director as required by the decision and it is up to that office to make it public or not. The Diversity Group was also sent a copy

of the report provided to the Executive Director. UAFCB's role so far is completed respecting the audit except for the information required by the audit report from PG&E.

Thank you for your response.

Kay

Thank you for re-sending – I got a copy from John. I did ask John why we did not get an opportunity to review our supporting documents with your team. I thought at our last meeting you kindly gave us 10 days to support our DVBE payments. We provided our documents and I understood we were going to meet to review them.

I am sorry if I got it wrong – I do think our supporting documents supported our report and provided good rationale. I hope we can still have an opportunity to review as the lessons learned can benefit all utilities with their understanding to be compliant.

Sincerely,

Gun

Hi Gun:

I understand that you did not receive the above report when it was sent out on October 31, 2013 at 3:50 PM. How come it did not come back as undeliverable? Sorry!

Here it's again.

[Redacted] from PG&E called Stephanie and was wondering when PG&E is going to get the report. Turns out there is a typo in the addresses when you sent it to PG&E. Gun's address isn't correct --- there isn't a "g" in the "pge" part. Did you want to resend it to him?

Hi Brian/Gun:

Attached is UAFCB's compliance examination report (public version) of PG&E's Supplier diversity program sent to CPUC's Executive Director as required by D.11-05-019, page 33 and Ordering Paragraph 3.

I want to thank PG&E for its cooperation during and after the examination of PG&E's Supplier diversity program.
