ENCLOSURES:

The following enclosures were used to establish the findings of fact:

1. *Enclosure 1 – Self Identified Letter dated 2/24/2012*
2. *Enclosure 2 - Self Identified Letter dated 5/11/2012*
3. *Enclosure 3 - Self Identified Letter dated 5/18/2012*
4. *Enclosure 4 - Self Identified Letter dated 7/31/2012*
5. *Enclosure 5 - Self Identified Letter dated 3/6/2013*

STATEMENT OF FACTS:

The above violations are documented in the attached *Enclosures 1 – 5*. SED conducted an independent review of each report to verify the reported facts and has determined that the issues are generally related as they each involve negligible risk violations associated with High Pressure Regulators (HPR).¹ As such, SED believes that the five utility self-reports constitute sufficient *prima facie* burden of proof to warrant this citation.²

¹ Please note as of 11/15/2013 SED has an outstanding data request related to Self-Report dated 3/6/2013 but its significance is believed to be minor and not affect the risk level or resulting citation amount.

² See Appendix A of Resolution ALJ-274.
