Subject: RE: PG&E self-reports

Hi Ken --- I totally appreciate the crush at this time of the year (and for some reason this year it's particularly heavy). Is Tues afternoon a possibility?

Thx

Jane

Hi Jane. Thanks for the reminder! I'm really sorry, I've been super busy. Monday afternoon would work, are you available then?

Hello Ken – it's hard to believe it's December! Do you think early next week would be better for your calendar – we can review corrosion.

Thanks

Jane

Hi Jane. Sure I'm in the field right now but will look at my calender tomorrow. Off the top of my head the first week of December sounds good after Tuesday 12/3.

Hello Ken – thank you for processing the HPR-related self-reports this week. I wanted to check-in and see if you needed any additional information for the bundle of MAOP exceedence self-reports.

Also, we should have our next two groupings: Corrosion control (9 items), and Leak Survey/Repair (12 items) ready to review with you the week after Thanksgiving--- could you let me know what day/time(s) work well for you?

Thanks,

Jane
