Jane,

Thank you. I'll let you know tomorrow where we are with this.

Best,

Liza

Liza,

Attached is additional information that may be helpful in SED's analysis of our request for interpretation of Class Location and Established MAOP. We've provided Sunil additional details for the 31 segments (9.25 miles) which are part of our request for this interpretation.

Please let me know if you need any additional information. We look forward to SED's guidance.

Thank you,

Jane
