Subject: Line 132 MP 35.4 CPUC Site Visit

Terrance,

Please meet me tomorrow at 7:00AM at 1664 Skyline Blvd. Burlingame. We can park on the street and walk into the job site and join the crews for the morning tailboard. Please ensure that you bring the all the required PPE (Hard Hat, Vest, Boots, Eye/Ear Protection) since we will be entering a construction site.

The work we will see tomorrow is the replacement of a 30” elbow on Line 132 at MP 35.4. This feature has been identified as being “unpiggable” and needs to be replaced to support the future in-line inspection on Line 132. Please call me if you have any questions, my cell phone is Redacted

Sincerely,
