Hi Utilities,

I need a favor, pretty please. You can get this information from the EEI data that you each are members, but the CPUC doesn't have access to because we don't have money. Very please. can I get it by Jan 3rd. please.

I need the answer to the "XX's"

Ø California customers on average pay XX for their monthly electricity bills and XX for their gas bills. California continues to have one of the lowest bills on average while having higher rates. The highest bills are paid by XX (name of the state) while the lowest bills are paid by XX (name of the state).
