Terrie

I know we got several media calls today and expect you did too.  
Thought it might be helpful for you to have this update we provided to Liza this evening.

We hope to know more in about a week.

Liza, here is an update on the 11/10/13 gas incident on Golf Link Road in Oakland, including information on the previous gas leak survey, as well as the CPUC reportable incident form that was submitted earlier.

Please let me know if you need additional information, and we will keep you informed on the failure analysis of the pipe.
