Hi Laura,

Liza shared with me the community outreach report dated 12/6/13 re: the weld verification issue. However, the materials didn't include the actual letters sent to the communities. Can you track that down for me and send over some samples of how you all explained the issue? Also, I'd be interested in what kind of reaction you've been getting – perhaps you can tell me what kind of follow-up questions you've received?

Thanks,

Brian
