Subject: FW: SF School Evacuations

Busy day, but no risk here.

Subject: SF School Evacuations

A short while ago, an odor call in the [Redacted] prompted the evacuation of two schools and SFFD response. We have surveyors in the area and no gas leaks have been detected. We believe the odor was from Gas crews working to prep for a main deactivation with some low levels of gas released with no wind to help dissipate. The two schools were [Redacted].
